

IMPORTANT INFORMATION ABOUT THE NURSING STUDENT LOAN / SCHOLARSHIP PROGRAM

Applications for the Nursing Student Loan/Scholarship Program are not currently available. Each year we have implemented this program we received more applications than we had funds to distribute. For this reason, loans are awarded to students until the funds are depleted. So, the implementation of this program is dependent upon the receipt of additional donations. The program is on hold until enough funds can be raised to distribute. The application will be posted to our website when the program is available again.

If you would like to know more about how the program works, you can access a prior year's program information posted under [Educational Resources / Nursing Student Loans / General Information](#).

Thank you for your interest, and good luck to you.
